

**The Attorney General of Israel, Menachem Mazuz**

**Salah-a-Din 29**

**Jerusalem 91010**

Attached to this cover letter you will find the document titled

**“Charges against certain civil and military officials of Israel for Genocide, Crimes of War, Crimes against Humanity and Conspiracy to commit these crimes in Hebron and the surrounding areas, under the “Law for the Prevention and Punishment of the Crimes of Genocide of 5710 - 1950”, which was passed by the Knesset on 29 March 1950, as well as under other currently valid laws which require the punishment of these crimes.”**

You are required under enacted laws to promptly and effectively initiate criminal investigations against the individuals accused in the attached document.

The gravity of the accused crimes, together with the certainty that the accused will continue perpetrating similar crimes, the certainty that they will undertake to hide and destroy evidence as well as conspire with each other with the intent to undermine criminal proceedings, the certainty that they will attempt escape, are conditions which warrant that the accused be put under investigative detention and that all their possessions be placed under preventive expropriation until the end of the proceedings, as allowed under the law.

Due to the eminent public interest in this matter in Palestine, in the world and in Israel, I request to be promptly informed of all further steps which the office of the Attorney General as well as other authorities will undertake in this matter. Direct all correspondence in this matter to the Email Address <kawther\_salam@yahoo.com>, or to the postal address written below.

You are requested to send me initial notification regarding your further dispositions in this matter not later than 30 March 2008, 23:00 Israel time. Inactivity in this matter, evasive activity or failure to notify me of your further dispositions in this matter by the mentioned deadline will be understood as the concession on part of your office that you lack the will, the ability and the jurisdiction to prosecute crimes of genocide anywhere in Israel and in the Palestinian territories occupied by Israel.
